

Season's Greetings From

Diana and Wayne  
Schneidman

Wishing you the best during this holiday  
season and the coming year ...

Faye Rivka Harris

Jeff Schneidman

Herschel Harris

Stuart "Eli" Harris

Jen and Harv Partica

Kimberly Schneidman

Dear friends,

2011 has been a wonderful year for us and our six children (my three & Wayne's three).

Wayne and I enjoyed travel to two family weddings and other events, and I met up with cousins Marlene and Sheila for several days at Cape May, New Jersey, to celebrate our mutual 60th birthdays. (Yes, it's hard to believe they're that old.)

Wayne continues to do computer support and other IT-oriented projects for companies and individuals. He's also continued to take classes in computer technology to keep himself current. His biggest project was putting together a server based transaction processing system for a scrap metal company. He enjoys working on diverse projects and sticks with new challenges until he resolves all problems effectively and economically, and he welcomes new assignments. Wayne continues to enjoy photography and has become a board member of UniForum Chicago, an open computing organization.

I continue to grow my business, Stand Up 8 Times, which helps people who want to start landing great clients and earning money quickly as a freelancer or consultant ([StandUp8Times.com](http://StandUp8Times.com), of course). Plus I market my ebook at [StartFreelancingAndConsulting.com](http://StartFreelancingAndConsulting.com). And I continue my freelance writing practice, specializing in the insurance and asset management industries. So let me plug a third website: [DianaWrites.com](http://DianaWrites.com). Plus I'm prez of my Toastmasters club and recording secretary of the school board and Hadassah chapter.

Jennifer Schneidman married Harvey Partica October 1st in a beautiful ceremony in their Selingsrove, Pennsylvania, community. They are active in the community supported agriculture (CSA) movement, avid runners who have run many marathons and active community volunteers. Now they're looking to acquire their own farm. They call their enterprise Serious Farms. You can follow their blog at [seriousfarms.wordpress.com](http://seriousfarms.wordpress.com). As an avid and passionate artist many of Jen's works are on display in local art galleries and online on her art website, [artistwithbrush.wordpress.com](http://artistwithbrush.wordpress.com).

Faye (Rivi) Harris continues her work at the Mayo Clinic in Rochester, MN. She is a clinical lab tech performing highly technical HIV and hepatitis testing, and in another position works with mice with Huntington's disease. She is completing her master's in biochemistry and molecular biology through the Mayo Clinic graduate school.

Kim Schneidman continues her job in medical billing at Loyola Hospital. She is also a gifted math tutor working with high school-college students in geometry, calculus, statistics and other mathematical subject matters. Kim plans to attend grad school in education and become a certified teacher. She participated in this year's Heart Walk to raise money for the American Heart Association. Kim is also co-Leader of a local Girl Scout Cadette Troop for 11-13 year old girls. She has also become more active with Victory Cathedral Worship Center in volunteering in her Christian community. Kim moved in with a friend in the area late last year. Please note her new address: 105 Monterey Drive, Bolingbrook, IL 60440-2315.

Herschel Harris was promoted to manager this year in auditing / accounting at Deloitte in Chicago with a specialty in real estate auditing. He enjoys the social life of the city from his Lincoln Park condo. His interests include biking and other sports. He also enjoys spending time with girlfriend Marissa Dolin.

Jeff Schneidman continues to enjoy his life in the Detroit suburbs, where he works as a certified Mercedes-Benz auto technician. This year he won a regional award for the best record in satisfactory repairs. He applies his technical aptitude to such hobbies as remote control cars and airplane competitions.

Eli Harris is a full-time sales associate with AT&T in Chicago. He shares a beautiful Lake Shore Avenue apartment with two friends and has an active social life. This year he went to Israel on a Birthright trip. He enjoys many sports and is improving his swimming towards his goal of entering triathlons. He is in a relationship with cute nurse-to-be Barbara.

My mother, Jennie Cohen, continues to be very happy at Alexian Village in Elk Grove Village, near my brother Michael (partner Bob Maszczak), myself and Wayne. She loves the bingo, exercise and other stimulating activities and has taught friends to play Rummikub so they can play after dinner. We all enjoy getting together with her every Sunday night for dinner.

Wayne's mother Mil continues her independent, active life in Walnut Creek (San Francisco), where she is president of her community chapter of ORT. She is now a great grandmother since grandson Scott and his wife Julie welcomed daughter Remy in October.

Mil also attended the wedding of granddaughter Nancy to Dr. Pedrag Bina in Santa Monica in September. (Parents are Mil's daughter Gail and husband Dr. Ron Rubenstein.)

We value your friendship and wish you much health and happiness in the coming year. We love to hear from you (see below for contact information). Please visit soon!

With love,  
Diana
